Even & Odd Numbers

Can everyone find a partner?

Even

- Makes pairs with none left over
- Can be split into two equal groups
- Ends in 0, 2, 4, 6, 8

8 = 4 + 4

Odd

- Always has one left over
- Cannot be split into two equal groups
- Ends in 1, 3, 5, 7, 9

7 = 3 + 3 + 1

Look at the ones digit. It tells you every time.
